

THE **PROVEN SOLUTION** TO EMPLOYEE BURNOUT DELIVERED SAFELY AND ECONOMICALLY, WHERE YOU NEED IT!

Rejuvenation Station™

RESTORING, REVIVING & PROVIDING RESPITE TO OUR HEROES

THE CHALLENGE

- Pre-COVID burnout in physician ranged from 42% to 54%... and now?
- PTSD spikes in our healthcare workers tend to follow national crises and are expected to be high due to stress and lack of resources in the current COVID crisis.
- BURNOUT causes more workers to exit the system, increases self-reported medical errors in diagnosis and treatment, and decreases quality of care and patient safety.

THE SOLUTION

RejuvenationStation™ and RejuvenationGO!™

Rejuvenation Station™ and **RejuvenationGO!™** provides 3-15 minute immersive sonic and visual rejuvenating experiences for healthcare workers, delivered to where staff work, in a safe, personal way.

Tested in a **Houston Emergency Department**, the **RejuvenationGO!™** has demonstrated that it can reduce the impact of job-related stress in less than five minutes.

The programs are created by Emmy award-winning artists for music and cinematography, **Gary Malkin** and **David Fortney**, and are delivered in stereo with high definition video. Included are also a series of mesmerizing nature animation videos called “Moving Paintings” by film artist **Steve Matson**.
